

# Texas Energy Control Products, Inc.

## Product List

### Product Lines

**WIKA:** Pressure Transmitters, Pressure Gauges, Bimetal Thermometers, RTD's and T/W's

**Optic Liquid Level Switch:** Normally Wet and Normally Dry

**Anderson Greenwood:** Instrument Manifolds and Mini Valves

**BI-LOK:** SST Instrument Tube Fittings

**Quadrant:** Ball Valves

**Pac Stainless:** SST Instrument Pipe Fittings

**Kelley Instruments:** Orifice Plates (Paddle and Universal) (Seal Rings)

**Texas Thermowell:** Thermowells and Sample Ports

**Dyna-Flo:** Control Valves, Ball Valves, Dump Valves, High Pressure Control Valves, Pressure Controllers, Level Controllers, Manual Stations, Siemens Positioners, Bellgas Regulators

**Rae & Gastec:** Detector Tubes and Pumps

**Dynamic Flow Computers:** Multi-Variable Transmitters

**Solenoid Valves:** Versa and Allenair

### Automation

**Automation Equipment:** Kyocera and BP Solar Panels, Sun Savers, Enclosures, Antennas, Coax, Radios (Freewave and MDS)

**Custom Automation Packaging:** designed for fast and easy implementation providing field operations a dramatic reduction in time and effort, and built to your specifications.
